

CELESTIAL
CITIZEN

SPACE URBAN PLANNING

*Addressing infrastructure knowledge gaps for
sustained human settlement on the lunar and
Martian surfaces*

www.celestiacitizen.com

On a mission to build sustainable space communities by bringing together people, systems, and technology. Better planning today enables greater options tomorrow.

Space Urban Planning

Maintain continued channels of democratic participation and high levels of civic engagement

Integrate ideas and feedback into actionable urban and institutional design

Balance stakeholder interests and encourage productive discourse and open dialogue

Facilitate transdisciplinary discussion and cross-industry collaboration

Establish a participatory framework and empower all humans to be a part of the planning process

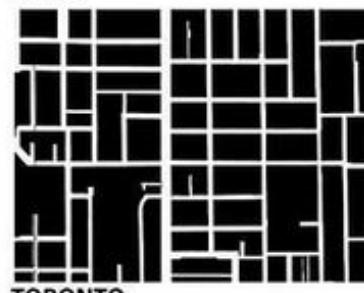

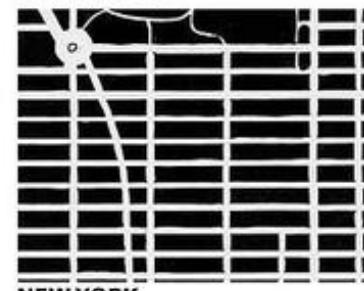

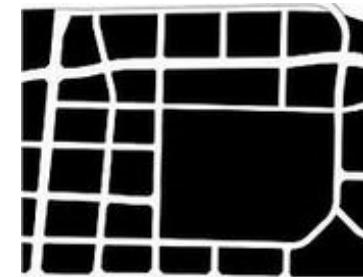

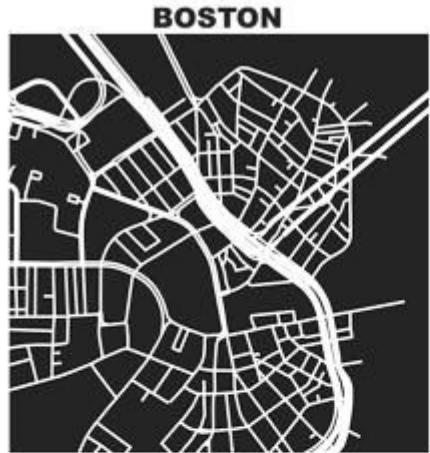

Provide equitable access to balanced information and digestible facts

KNOWLEDGE GAPS

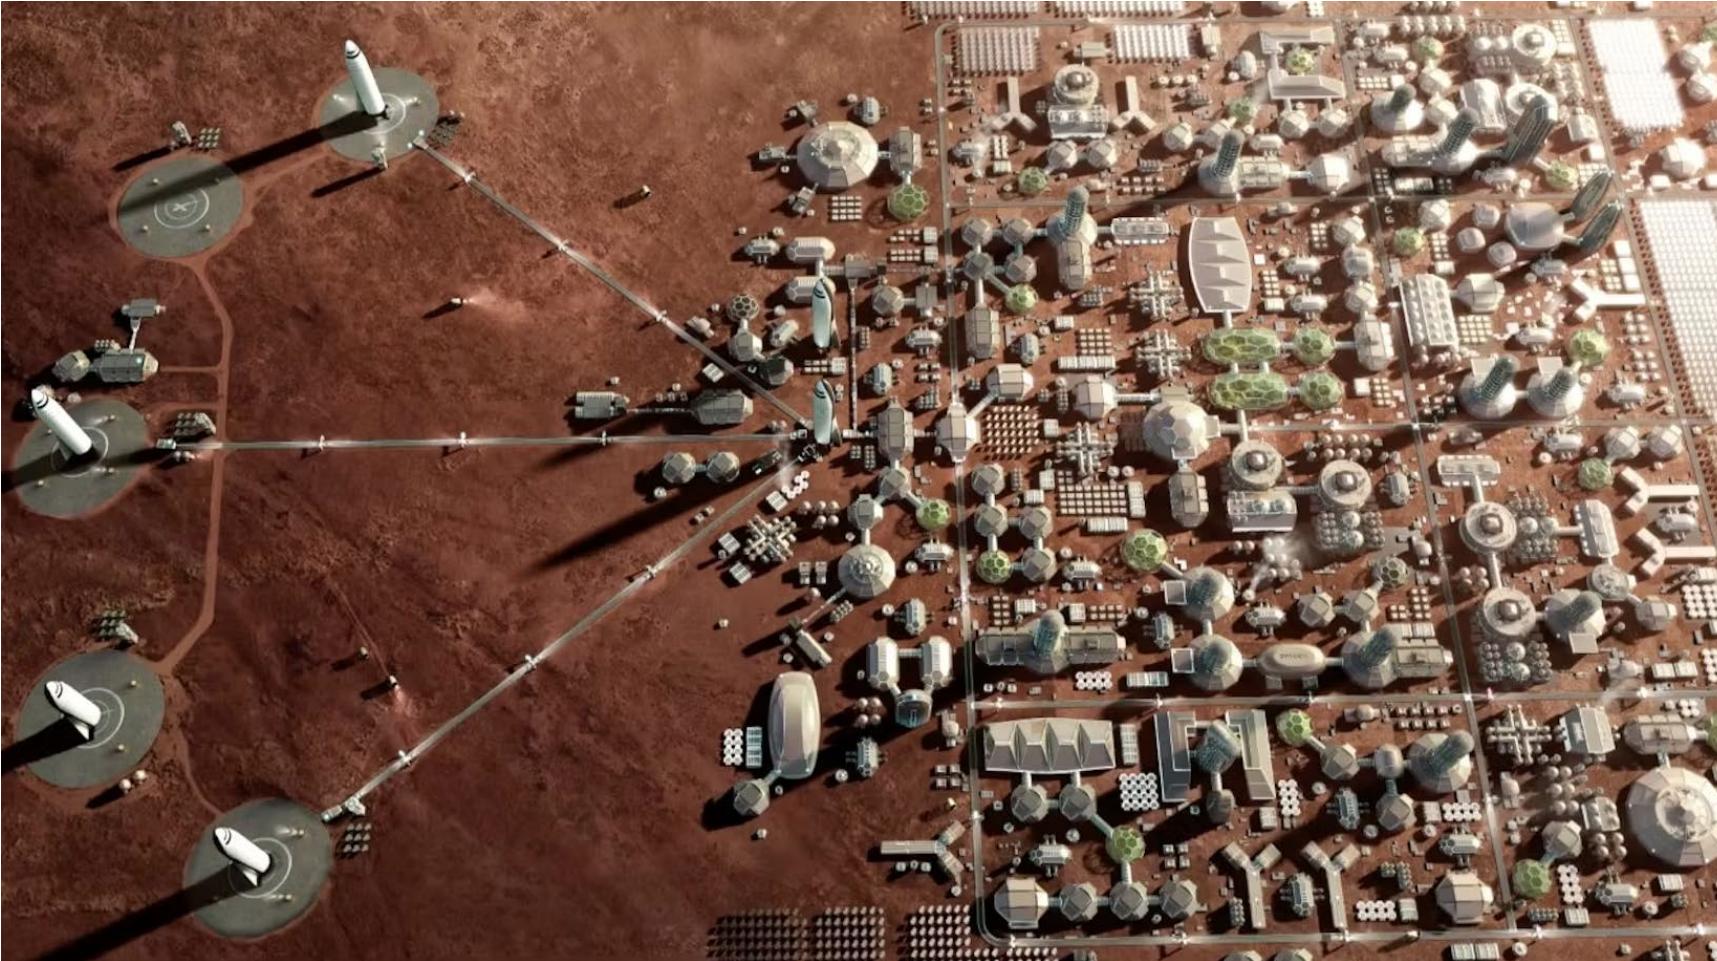

- *Balancing objectives*
- *Comprehensive surface studies / land surveys*
- *Resource management*
- *Sustainability / waste management*
- *Transportation networks*
- *Expansion planning*
- *Zoning / land use planning*

HOW DO THE SPACES THAT WE INTENTIONALLY OR UNINTENTIONALLY CREATE INFLUENCE THE WAY WE LIVE AND WORK?

CITY ART VS. CITY DESIGN

OVERSIMPLIFICATION OF CITY PLANNING

Credit:SpaceX

HOW DOES PLANNING INFLUENCE OUR FUTURE ABILITY TO EXPAND AND FUNCTION EFFICIENTLY?

THE CRITICAL INGREDIENT

Public Participation

the process by which public concerns, needs, and values are incorporated into governmental and corporate decision making.

James L. Creighton

Provides the important features of a successful presence off-Earth:

political legitimacy

consensus building

community building

minimizes cost overruns and delays

improves quality of decision-making

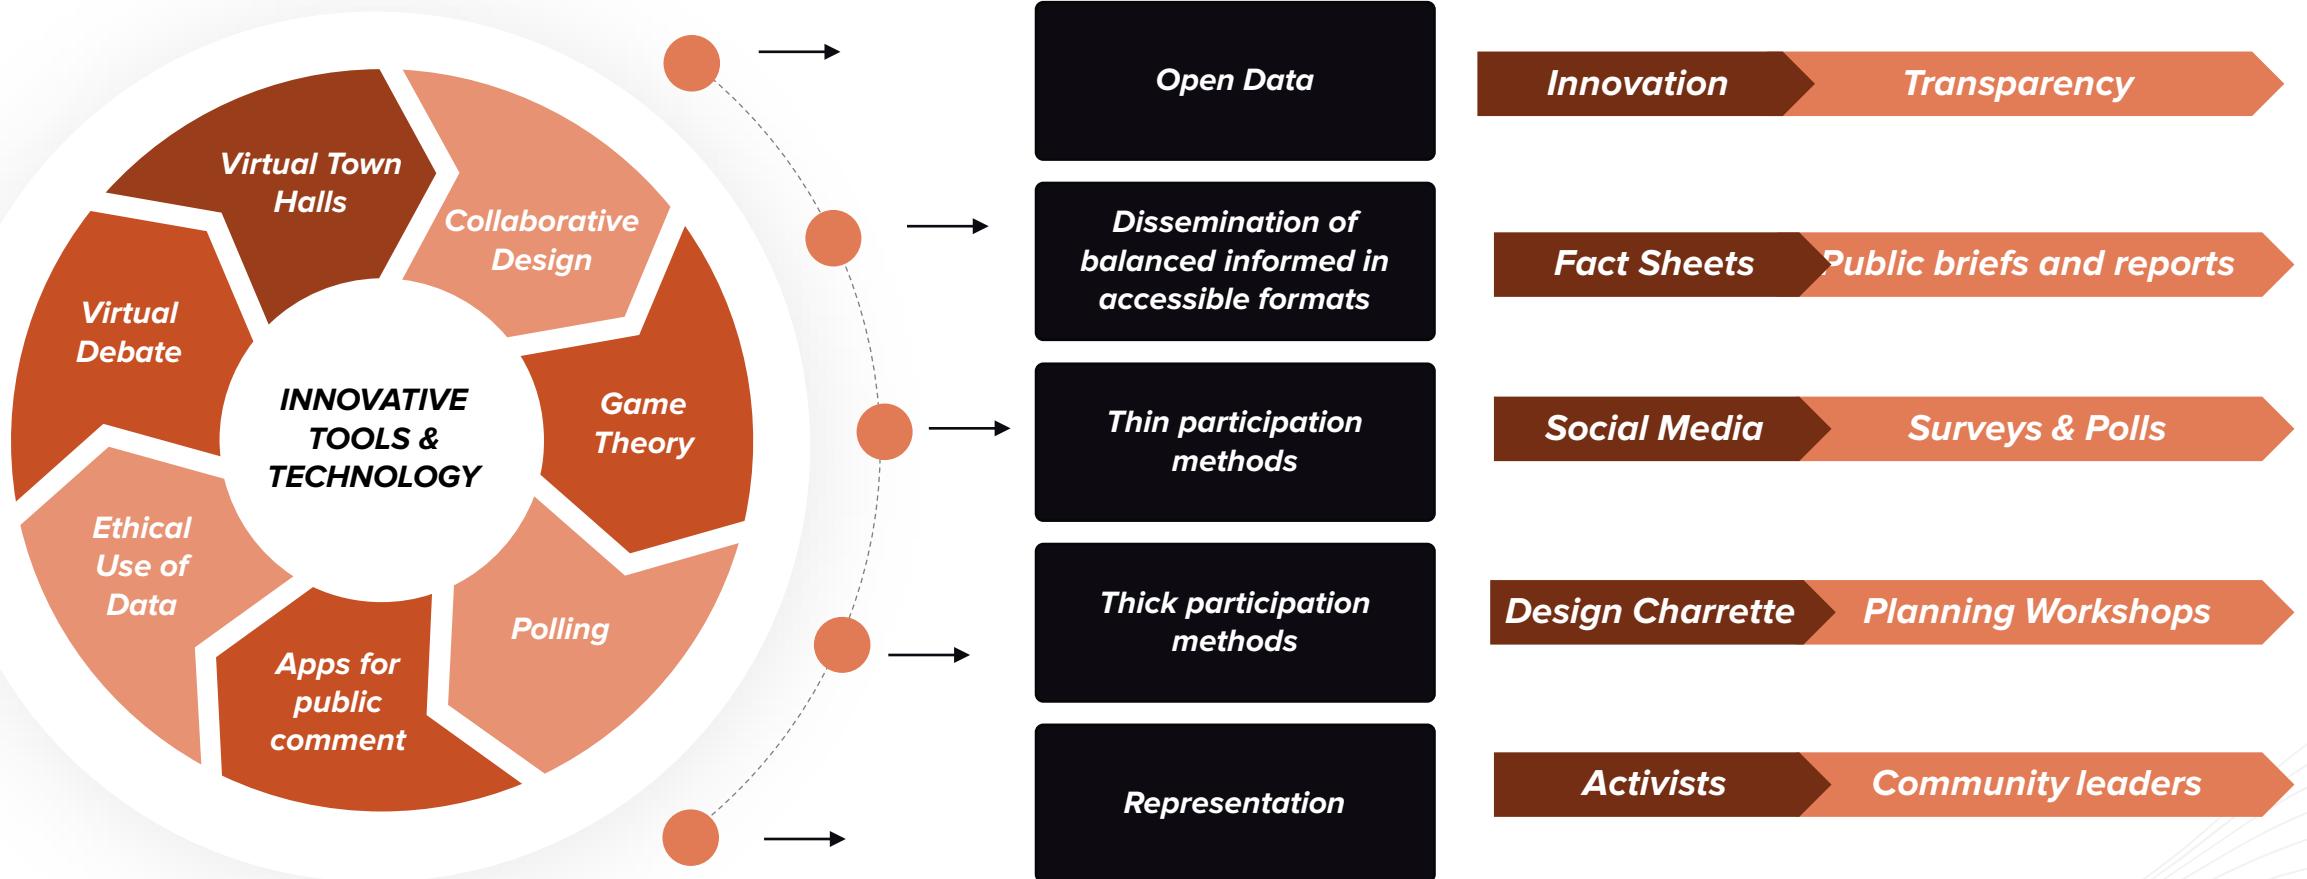

creates a non-adversarial environment

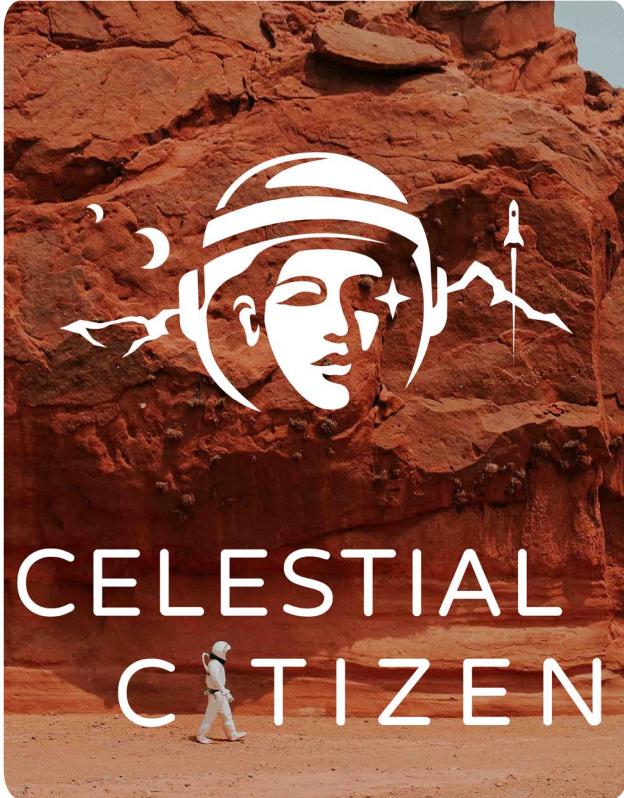

develops a civil society

Multi-Channel Approach
